

## **Disposable Circular Stapler**

Unique hardened chopping ring provides the precise cutting of the tissue.

Safe and solid closure of anvil and cartridge.

Visible Indicator makes it easier for the operator to keep the triggering range between 1.5 mm - 2.5 mm.

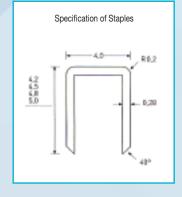

Prevention of a stenosis of the anastomosis by a larger inner lumen.

For different tissue thickness the corresponding staple legs will be formed into the right figure of 'B'.

Reference Code	Outer Diameter	Inner Diameter	No.of Staples
WM-CS-21	21	11.5	18
WM-CS-23	23	13.3	20
WM-CS-26	26	16.5	24
WM-CS-29	29	19.5	26
WM-CS-32	32	22.5	30
WM-CS-34	34	26.5	32
